BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of SOUTHERN CALIFORNIA EDISON COMPANY (U 338-E) for Expedited Approval of Servicing Agreement between State of California Department of Water Resources and Southern California Edison Company Pursuant to Chapter 4 of the Statutes of 2001 (Assembly Bill 1 of the First 2000-2002 Extraordinary Session).

Application 01-06-044
(Filed June 25, 2001)

**OPINION APPROVING AMENDMENT NO. 1 TO THE
FIRST AMENDED AND RESTATED SERVICING AGREEMENT
BETWEEN SOUTHERN CALIFORNIA EDISON COMPANY
AND THE DEPARTMENT OF WATER RESOURCES**

Summary

On June 21, 2002, Southern California Edison Company (SCE) filed a second petition for modification of Decision (D.) 01-09-014. D.01-09-014 was the decision that approved a Servicing Agreement between the California Department of Water Resources (DWR) and SCE.¹ In its June 21, 2002 petition

¹ The Servicing Agreement sets forth the terms and conditions under which SCE provides the transmission and distribution of DWR-purchased electricity; addresses billing, collection, and related services on behalf of DWR; and addresses DWR's compensation to SCE for providing those services. In the first petition, filed on March 29, 2002, SCE sought approval for certain revisions to the Servicing Agreement as a result of changes ordered in D.01-09-014. SCE also sought in the first petition to make the Servicing Agreement consistent with the Rate Agreement between DWR and the Commission that was approved in D.02-02-051, and with the February 28, 2002 Letter Agreement between SCE and DWR which was approved by D.02-03-058. By

for modification, SCE seeks Commission approval of an amendment (Amendment No. 1) to the First Amended and Restated Servicing Agreement. SCE and DWR recently negotiated this latest amendment, whose purposes are to provide a separate line item on the Consolidated Utility Bill for Bond Charges and to implement the 2002 20/20 Program as ordered by the Commission in Resolution E-3770. SCE attached a copy of Amendment No. 1 to its petition.

Today's decision approves Amendment No. 1 to the First Amended and Restated Servicing Agreement, and the petition for modification of D.01-09-014 is granted as set forth in this decision. A copy of Amendment No. 1 is attached to this decision as Appendix A.

Background

In January 2001, in response to the energy crisis facing California, the Legislature gave DWR the authority to purchase electricity and sell it to the retail customers of California's electric utilities. This authority was provided in Assembly Bill 1 of the First Extraordinary Session of 2001-2002 (Stats. 2001, Ch. 4) (AB1X). In March 2001, the Commission ordered SCE to segregate, and hold in trust for the benefit of DWR, certain amounts its customers had paid for DWR's electricity. (D.01-03-081.) This arrangement was formalized in the Servicing Agreement that was entered into between SCE and DWR, and approved with certain modifications in D.01-09-014. As described in Footnote 1, *supra*, D.02-04-047 modified D.01-09-014 in response to an earlier petition by SCE.²

D.02-04-047 dated April 22, 2002, the Commission granted SCE's March 29 petition and approved the "First Amended and Restated Servicing Agreement."

² In addition, in a separate decision issued today we grant SCE's motion, filed pursuant to Ordering Paragraph 8 of D.01-09-014, regarding the incremental costs that SCE bills to DWR for providing services under the servicing agreement.

In its June 21, 2002 petition for modification of D.01-09-014, SCE seeks to have the Commission shorten the time for processing the petition and for issuance of a final Commission decision on the petition in order to expedite both the implementation of the 2002 20/20 program and the issuance of DWR's bonds under AB1X. In particular, SCE requests that the Commission grant the petition and approve Amendment No. 1 at the June 27, 2002 Commission meeting. A ruling shortening the time for parties to respond to the petition was issued on June 24, 2002.³ No one filed any response to SCE's petition.

Discussion

On May 23, 2002, Governor Davis issued Executive Order D-56-02, ordering DWR to implement a limited-term, rate-reward program (the 2002 20/20 Program) for conservation efforts by residential customers of the utilities, similar to the 20/20 program offered in 2001. On June 6, 2002, the Commission issued Resolution E-3770 ordering SCE to implement the 2002 20/20 Program. SCE states that Amendment No. 1 is intended both to implement the 2002 20/20 Program and to provide a separate line item on the Consolidated Utility Bill for bond charges. SCE further states that these changes are consistent with prior Commission decisions and are needed as a result of Resolution E-3770 and D.02-02-051 (which approved the Rate Agreement providing for separate Bond Charges).

³ On June 21, 2002 the Administrative Law Judge provided notice electronically to parties of record in this proceeding and in A.00-11-038 et al. of the shortened time for responses to the petition.

SCE proposes that D.01-09-014 be modified to adopt Amendment No. 1 to the First Amended and Restated Servicing Agreement and be modified with the following textual changes to D.01-09-014:

- (1) Add new Finding of Fact 29 to read as follows:

“SCE and DWR have negotiated Amendment No. 1 to the First Amended and Restated Servicing Agreement consistent with Resolution E-3770 and D.02-02-051.”

- (2) Add new Conclusion of Law 15 to read as follows:

“SCE’s and DWR’s Amendment No. 1 to the First Amended and Restated Servicing Agreement is reasonable and in the public interest.”

- (3) Revise Ordering Paragraph 10 to read as follows:

“Amendment No. 1 to the First Amended and Restated Servicing Agreement that was executed by and between DWR and SCE on June 20, 2002, attached as Appendix A of this decision, is approved.”

We will approve Amendment No. 1 to the First Amended and Restated Servicing Agreement in order to facilitate implementation of the 2002 20/20 program, which is to commence on July 1, 2002, and to facilitate the expeditious issuance of bonds by DWR under AB 1X. We note that rather than revising Ordering Paragraph 10 of D.01-09-014 as proposed by SCE, we will include SCE’s proposed ordering language in a new Ordering Paragraph 10 to that decision.

Rehearing and Judicial Review

This decision construes, applies, implements, and interprets the provisions of AB1X. Therefore, Public Utilities Code §1731(c) (applications for rehearing are due within 10 days after the date of issuance of the order or decision) and Public

Utilities Code §1768 (procedures for judicial review) are applicable (*See* Stats. 2001-2002, First Extraordinary Session, Ch. 9.) (AB31X).

Comments on Draft Decision

Public Utilities Code Section 311(g)(1) generally requires that the draft decision be served on all parties, and be subject to at least 30 days of public review and comment prior to a vote of the Commission. However, the comment period may be waived “in an uncontested matter where the decision grants the relief requested.” (Rules of Practice and Procedure, Rule 77.7(f).) Since no one filed a response to SCE’s petition for modification of D.01-09-014, the comment period is waived.

Findings of Fact

1. Amendment No. 1 to the First Amended and Restated Servicing Agreement between SCE and DWR will, if approved, facilitate implementation of the 2002 20/20 program.

2. Amendment No. 1 to the First Amended and Restated Servicing Agreement between SCE and DWR will, if approved, facilitate the expeditious issuance of bonds by DWR.

3. No one filed any response to SCE’s June 21, 2002 petition for modification of D.01-09-014.

Conclusions of Law

1. D.01-09-014 should be modified as specified in this decision.

2. Amendment No. 1 to the First Amended and Restated Servicing Agreement between SCE and DWR should be approved.

3. The comment period on the draft decision is waived.
